Re: Strategic Technologies, Inc. Request for a Deferment of Regulatory Fees

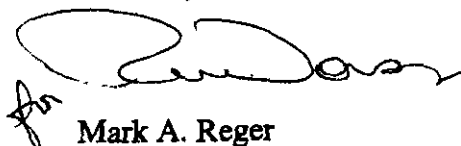

Dear Mr. Drykerman:

I am in receipt of Strategic Technologies, Inc.'s Request for a Deferment of Regulatory Fees that was dated September 26, 2003. The Commission in 47 C.F.R. § 1.1166 has provided rules for waivers or deferments of regulatory fees. Deferments and waivers are granted on a case-by case basis where good cause is shown and where waiver or deferral would promote the public interest. Because your request for deferment was filed after the due date for regulatory fees and was not supported by any information that would indicate good cause for such deferment or that the deferment would promote the public interest, your request is denied.

Your regulatory fees are considered late and are subject to a 25% late payment penalty. Please remit the regulatory fees and penalties immediately.

If you have any questions concerning this matter, please contact Revenue & Receivables Operations Group at (202) 418-1995.

Sincerely,

for Mark A. Reger
Chief Financial Officer

Remember our discussion about waivers we receive at year end which appear to be nothing but nuisance waivers. I sent this one to the two of you to decide if this qualifies and to apply the new procedures or decide it has merit and deserves immediate consideration. Either way, you need to decide today and if appropriate send the letter back. Time is urgent.

Is this part of a new process? Are we now writing the responses, or did you mean that we should send the 30 day letter to Strategic? Allan's group normally writes the responses to these request.
